Press release: 130€

Review: 150€ - Software

190€ - Hardware

We offer our advertisers a wide variety of customizable marketing products. You can publish your own press release, request a review of a product by our editors or simply communicate your campaigns in the form of CPT banners. These can be tailored to your needs. We can not only limit the running time of the banner, but also target specific countries, cities, devices, operating systems, in order to show the advertisement to your preferred groups of visitors.

All prices listed in this document are without Value Added Tax (21 %).

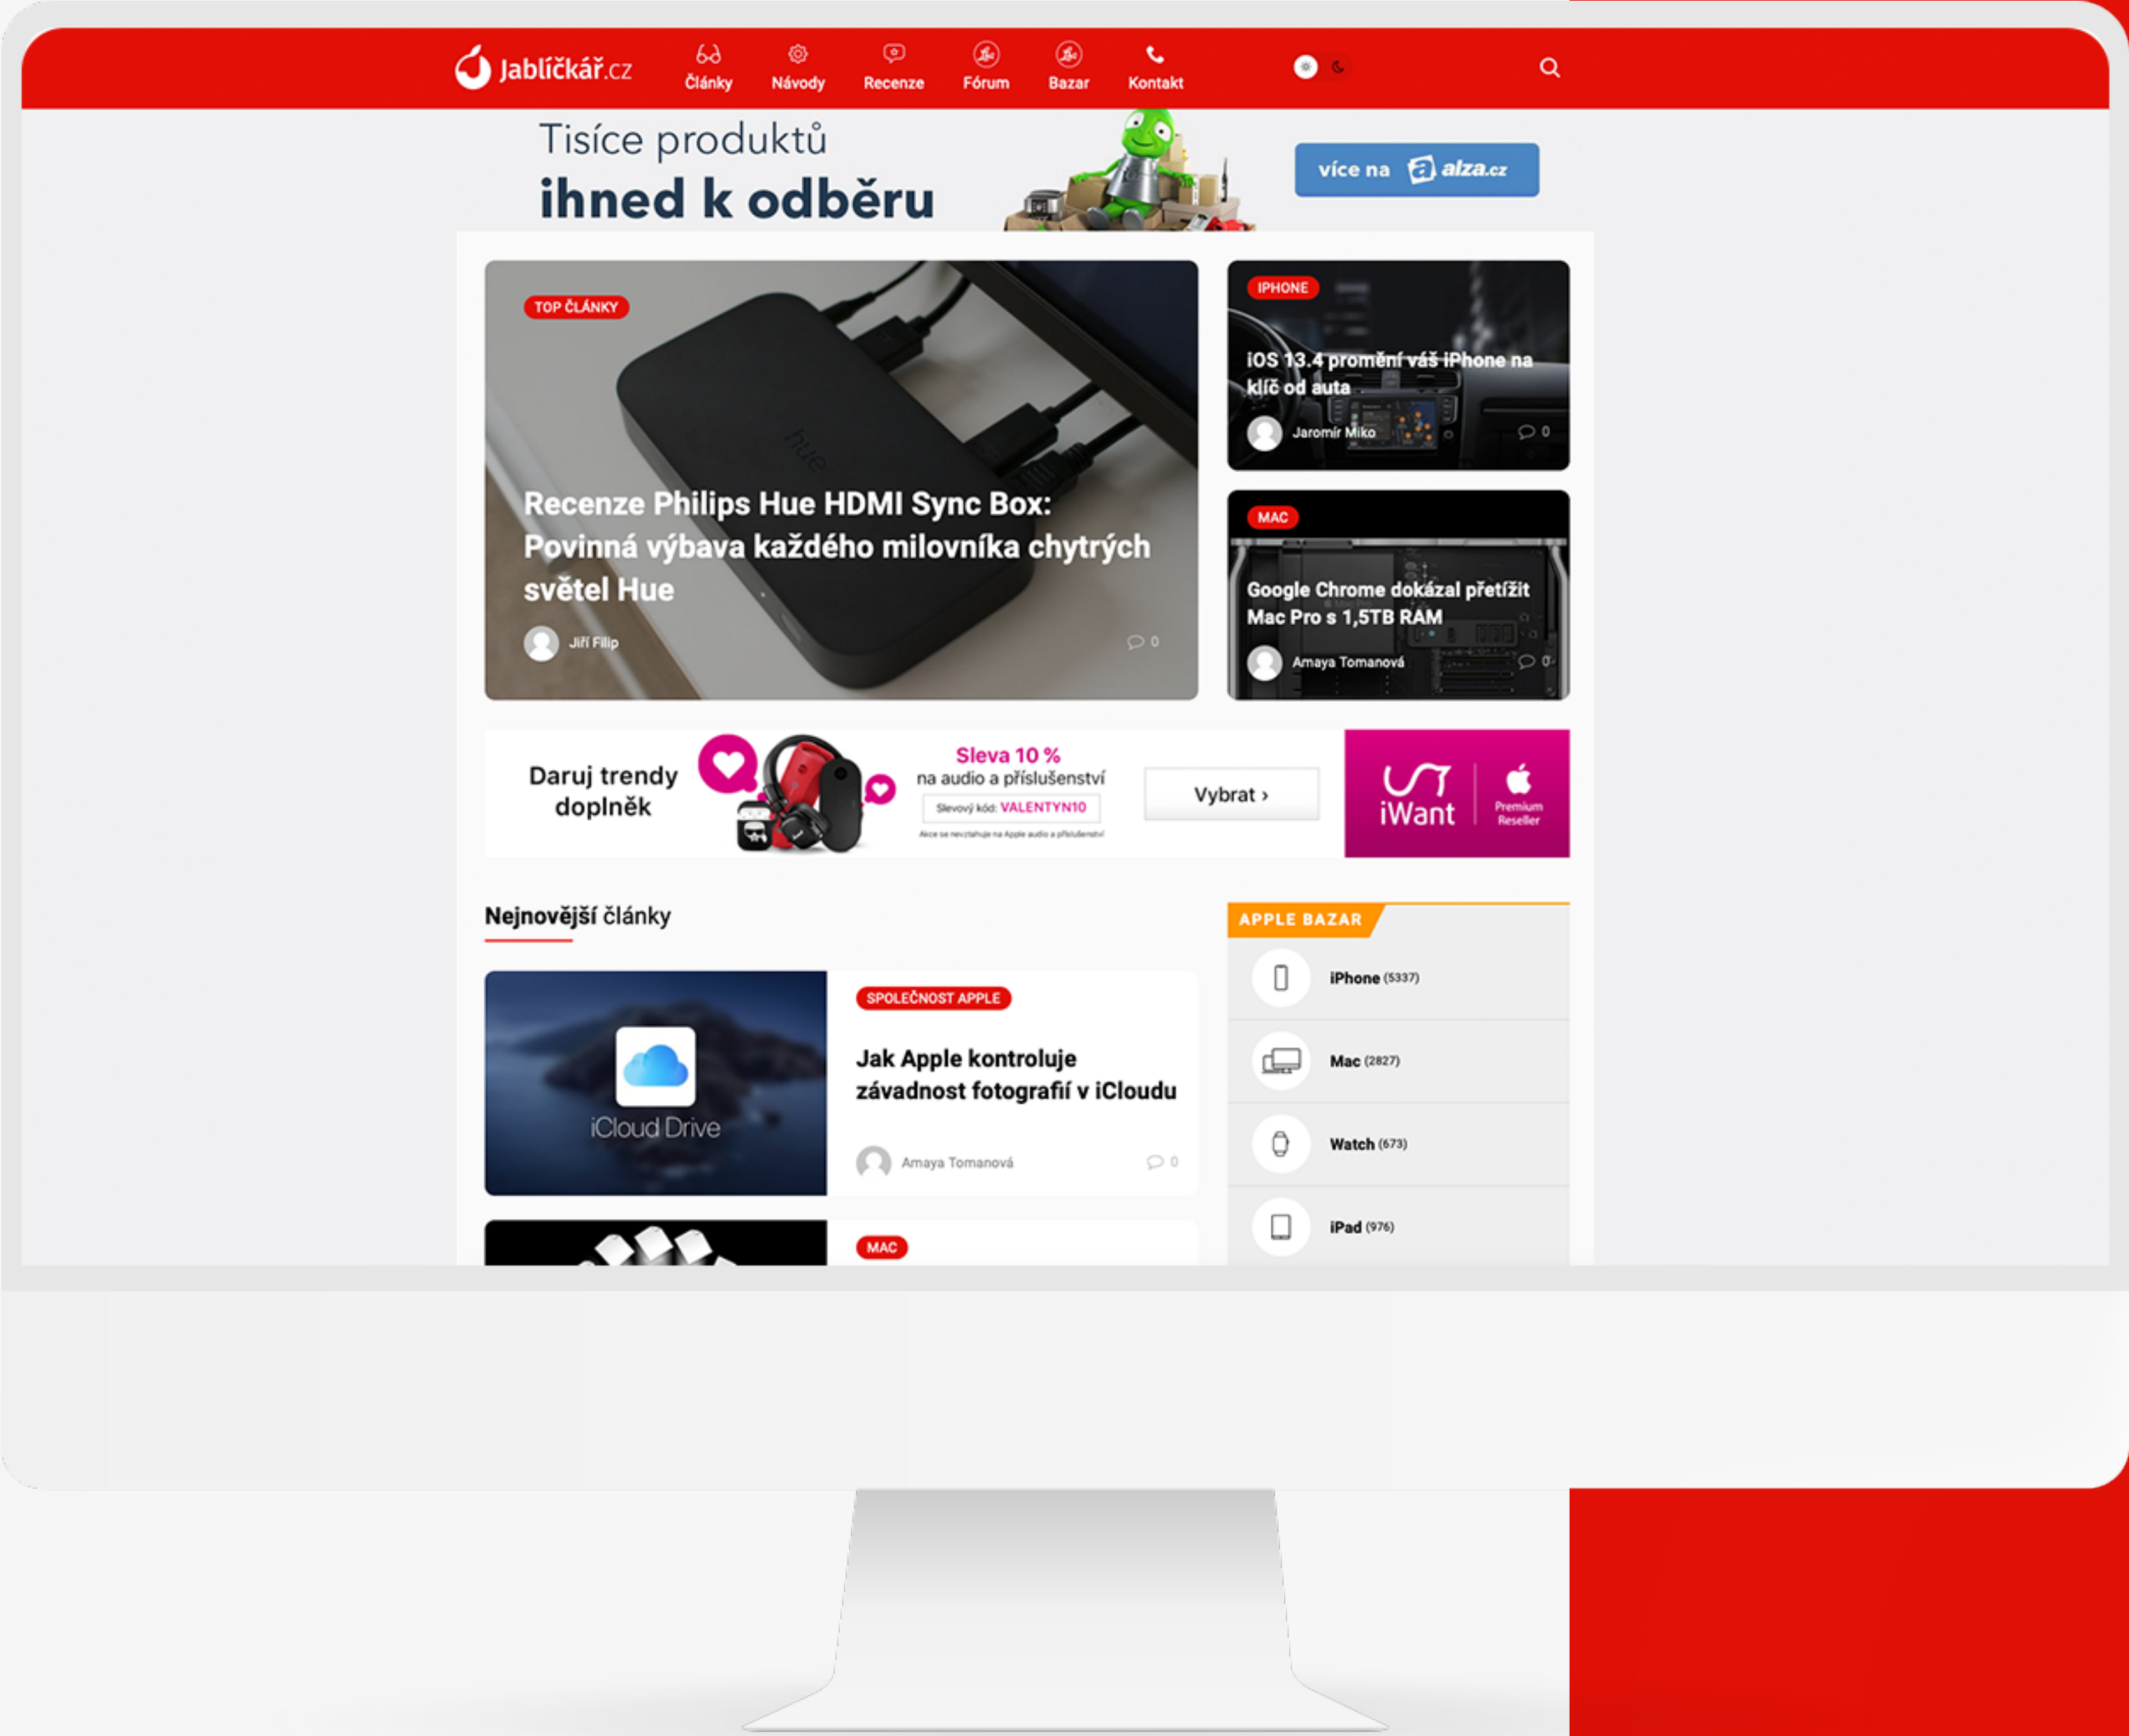

Of course, we're flexible and open to individual arrangements in terms of banner dimensions and scope.

The customer's only purchasing an advertising space, not a specific ad.

This way, the advertiser can change the communicated campaign and visuals to their liking.

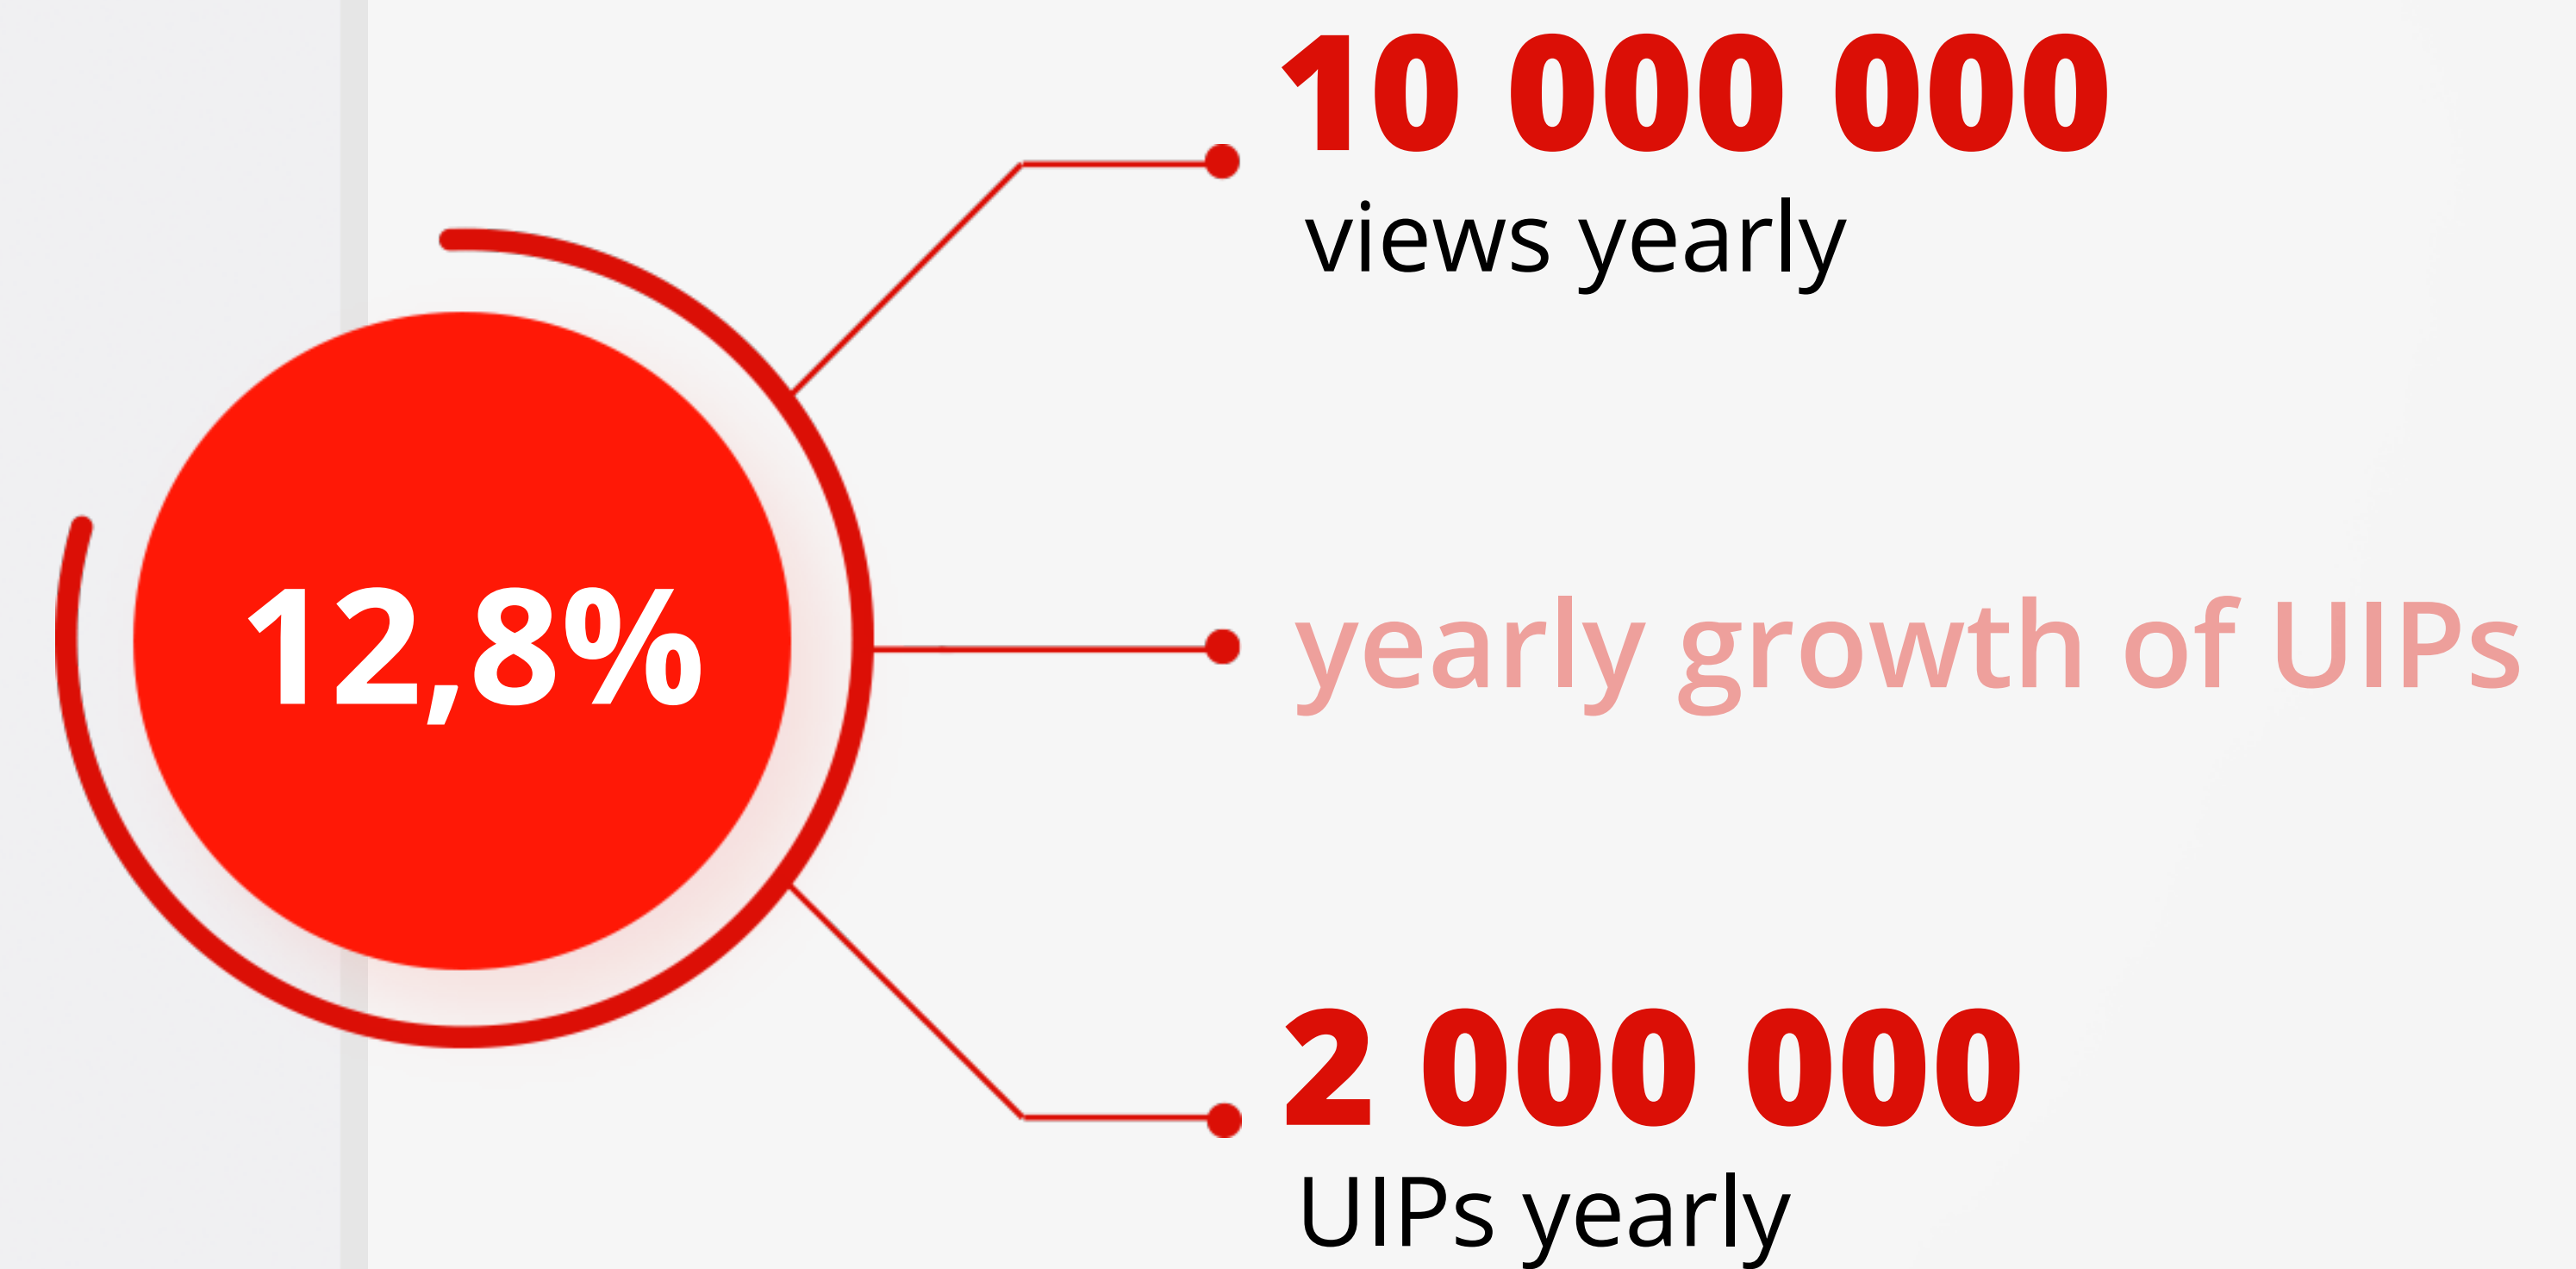

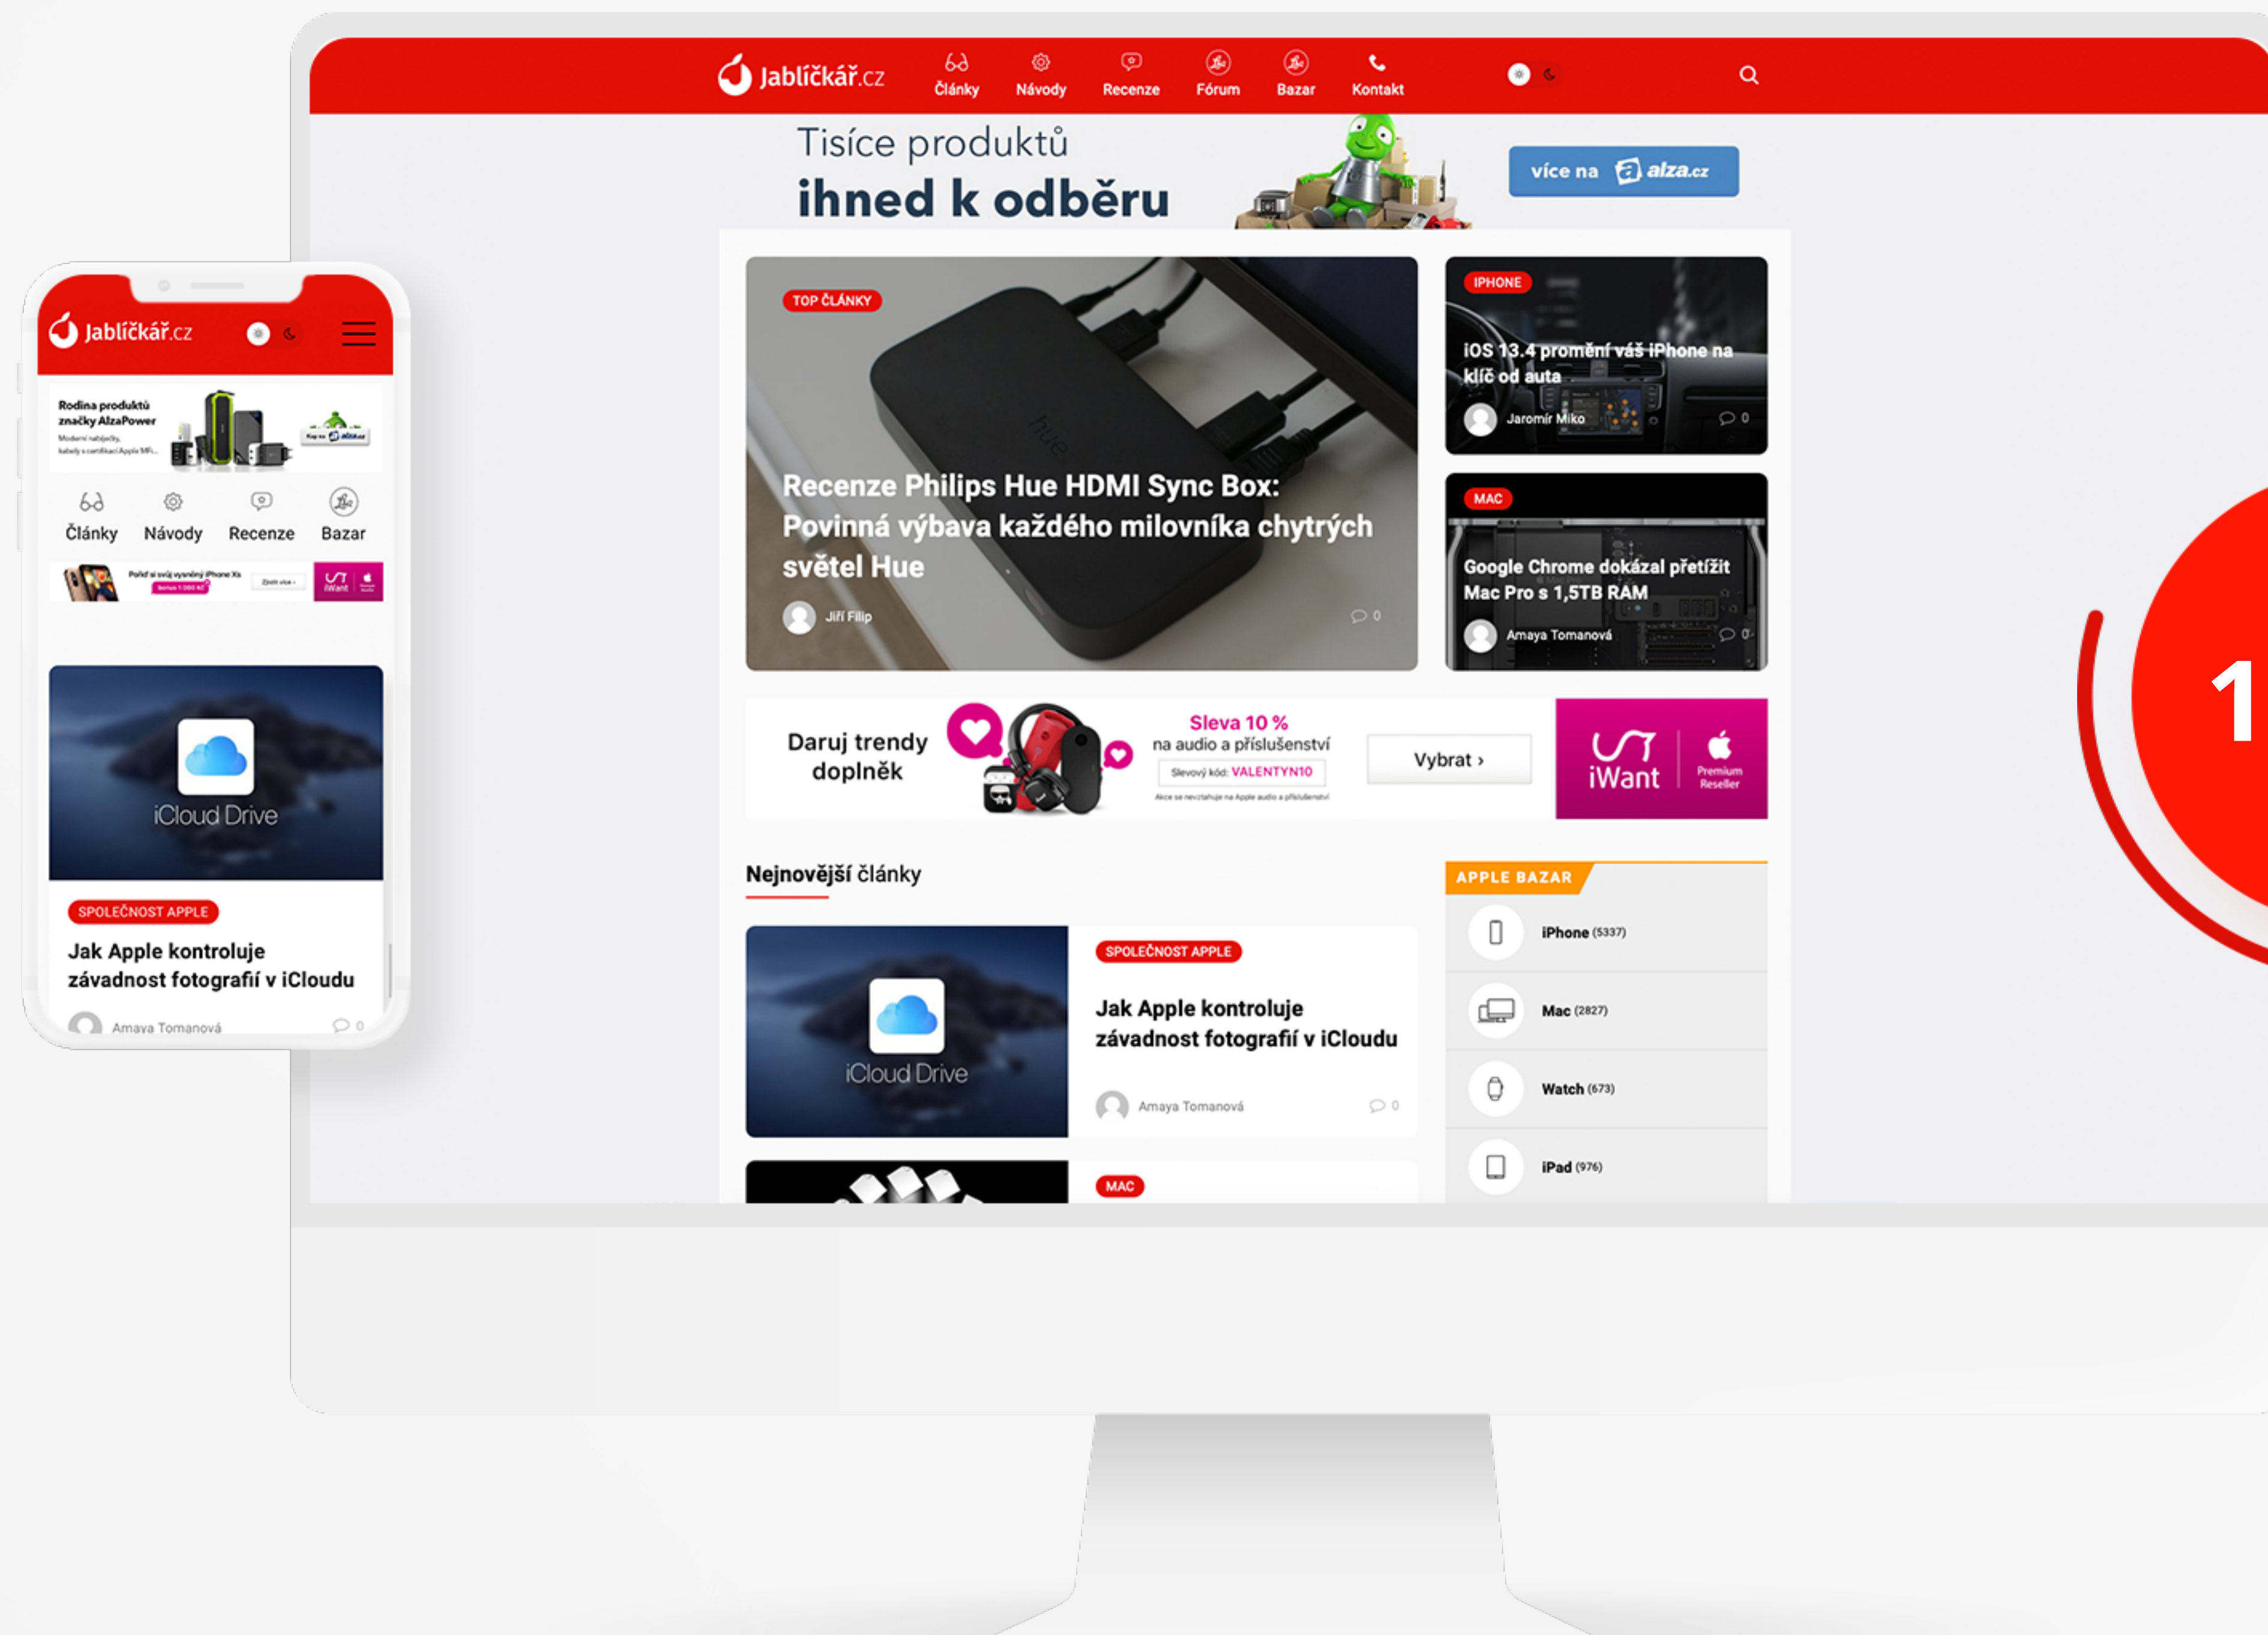

We respect the rules of SPIR.
